SHE PERFORMS

VISION, MISSION, VALUES

Vision

She Performs is an inclusive movement that brings artists and their audiences together, empowering them to freely engage with and exchange ideas surrounding equality and gender representation

Mission

- To provide a platform for female artists whilst being mindful of other under-represented groups.
- To explore the themes of equality, feminism and gender.
- To explore the relationships between curators, artists, and audiences.
- To be accessible to diverse audiences.
- To generate and encourage ongoing and creative discussions.

Values

The values that guide our work are:

- Openness - we welcome challenge and aim to be honest with ourselves, our artists, and our audiences.
- Consultation - we believe in asking questions (of ourselves, our artists, and our audiences), responding to the answers and collaborating with others when- and wherever possible.
- Inclusion - we believe all genders, sexes, races, and backgrounds are equal.
- Enjoyment - we seek to enrich through positive experiences.
- Empowerment - we are ambitious for ourselves, our artists and our audiences.
